

The Appalachian Trail Conservancy and the Appalachian Long Distance Hikers Association collaborate on this guide especially designed for potential thru-hikers--the best-selling one of its kind. It gives them the basic information for a five- to six-month trek in the woods, at a reasonable price, but also leaves space for the adventure of finding out the extras for themselves. This basic information concentrates on services and food in towns and shelter and water locations on the trail, with a little oddball history slipped in here and there. With research by more than three dozen thru-hiker volunteers in 14 states, backed by the first-hand information of the Trails volunteer and staff maintainers and managers, the Companion includes extensive tabular information from the 2011 A.T. Data Book. Sized for easy packing in a quart-sized resealable baggie. Purchased by current thru-hikers, it is also sought out by section-hikers and dreamers.
