

Where do you find the Torah's hidden messages? The Baal HaTurim found them in gematria (number patterns), acrostics, formations of letters, Scriptural word patterns, and a novel approach to understanding a verse. Seven hundred years ago, in an era of greatness, he was a Torah giant. His Arbaah Turim is the basis of our Shulchan Aruch. But Baal HaTurim, his brief Torah commentary, was written so tersely that even great scholars labor over it. What a loss! Now - finally! - this masterpiece is explained, annotated, and broadened. After seven centuries this treasure is accessible to scholar and layman alike. Thanks to Rabbi Avie Gold, the Baal HaTurim comes to us in all its grandeur, with its clear window into the mysteries of Hashem's word. This new masterpiece has no equal in any language. It is simply dazzling!
