

My Country My Life is an extraordinary self-portrait of India's leading political personality - L.K. Advani. As an immigrant who was forced to abandon his beloved Sindh, which became a part of Pakistan after India was partitioned in 1947, on the basis of the communally inspired Two Nation Theory, Advani gives a poignant first-person account of that tragedy. With a career spanning six decades as a political activist in post-1947 India, during which he has been a ring-side viewer of, and participant in, almost all the major socio-political developments in India, Advani is uniquely qualified to offer a perspective on independent India's political evolution. The apogee of Advani's achievement was his seminal contribution, together with his senior colleague Atal Bihari Vajpayee, to ending the Congress party's dominance over India's polity by building the Bharatiya Janata Party as a viable alternative for governing India. The book provides a riveting, insightful and assertive account of Advani's fight for democracy during the Emergency, his Ram Rath Yatra for the reconstruction of the Ram Temple at Ayodhya that resulted in the biggest mass movement in India since Independence and catalysed a nationwide debate on the true meaning of secularism, and his years as India's Deputy Prime Minister and Home Minister in the Vajpayee-led government of the National Democratic Alliance between 1998-2004.
