

Teddy Vroom and his sweet natured little terrier, Eliza, live quietly in their home town, Benefit, ignoring the world and its problems. Teddy hangs with members of his community art group and pours beers at Cheese Wilson's bar in his spare time. Then his friends Penelope and George, with the best of intentions, post one of his landscapes, Wondrous Brook, to the internet. Not that he would have believed it in a million years, but a girl named Wondrous Brook messages him - and all humanity - to get her name back. Suddenly the naked pop singing sensation, Brook Celebrus, joins in the web squabble, as does Wondrous Clothing, a global rag trader. But Teddy is not alone. Penelope and George rally behind him, and introduce him their lawyer friend, Dan Whitewash. Slim Shine, art dealer extraordinaire, sidles up to him too, in the name of friendship, naturally. Eventually Teddy finds the world at his feet, and not in a good way. He wishes the whole damn thing would go back where it came from and let him return to his life. But he and his friends learn that the world isn't so easy to budge, especially when it arrives in your home town through an internet portal as well as the highway leading straight from Lenardsville City airport.
