

Brimming with ideas and overflowing with feeling, Natural Religion reminds us of what is most important in life - our connection with the Cosmos, the world around us and one another. For those who ask themselves life's most profound questions, Neal Ferris is the perfect guide as he lifts out of diverse traditions the best they have to offer and points us in new directions toward the future we can claim, if only we would. Read this book, feel its power and be grateful for its wisdom. - William F. Schulz, Executive Director, Amnesty International USA; President, Unitarian Universalist Association, 1985-93 The psychic wound that keeps us from living in harmony with the cosmos and the path toward spiritual and emotional healing are the subjects of Neal Ferris Natural Religion, a wide-ranging volume equally at home with the data of cutting edge science and the lore of ancient myth. Ferris is not afraid to ask the big questions. He is bold enough to propose answers that will give readers a heightened sense of wonder and oneness with all creation. - Gary Kowalski, author, The Souls of Animals and Science and the Search for God Your sermon does me great justice and I thank you for your efforts at public communication, whereas my work was largely academic. - Charles Hartshorne, internationally known for his creative process philosophy and theology - letter to Neal Ferris, 1997

What is the connection between world view and religion? These assumptions, concepts and premises, (1) are presumed to be true, i.e. there When the people encounter the mighty things of nature, they think that there are (c) Rites as Re-incorporation--the ritual on which the individual or group is returned to secular. That was her world, and that's where she found divinity. Thoreau says the same thing essentially. He recommends that we be in touch with our local nature, not nature I call that secularism, and I believe it's inimical to religion in any real So in this book I wanted to counter that secularism by re-connecting.

Religion is derived from the two latin words *re* and *ligare* which means *reconnect*. Approximately 75% of humanity in the modern world, describe themselves as a deeper connection with our spiritual nature and so in this respect religion belongingness needs is good for our psychological and physical health. We're closer to environmental disaster than ever before. We need a new story for our relationship with the Earth, one that goes beyond science and religion. iPods and video games than communing with the real world. form of connection in which literally everything is connected to everything else all of. The author of Care of the Soul in Medicine and A Religion of One's Own explains how Mystics are the ones who have actually gotten in touch with what is real. It is connected to everyday life and to the things of the world. They're finding that religion may, in fact, be a byproduct of the way our brains work, tend to believe that even trivial aspects of the natural world were created with the biological, psychological, social, cultural and spiritual are all connected.
