

Ahead of Her Time, And Ours As Well...Tender Buttons, Stein's first published work of poetry, debuted in 1914 as a volume of powerful avant-garde expression. This meditation on ordinary living is presented in three compelling sections—"Objects," "Food," and "Rooms"—through which Stein delights in experiments with language. Emphasizing rhythm and sonority over traditional grammar, Stein's wordplay has garnered praise from readers and critics alike. In "A Piece of Coffee," for example, Stein plays with conventional language and cubist imagery to produce a stunningly original literary effect: A single image is not splendor. Dirty is yellow. A sign of more is not mentioned. A piece of coffee is not a detainer. The resemblance to yellow is dirtier and distincter. The clean mixture is whiter and not coal color, never more coal color than altogether. About the Author: Gertrude Stein (1874–1946) was an American novelist and poet. Born in Pennsylvania, in 1903 she immigrated to France, where she would live for the rest of her life. The home on the Left Bank of Paris that she shared with her partner, Alice B. Toklas, became a cultural hub as young artists and writers began to gather there. As her salon rose to prominence, Stein befriended several expatriate authors living in Paris, including Djuna Barnes, James Joyce, F. Scott Fitzgerald, and Ernest Hemingway. Stein has been credited with coining the term the lost generation to describe this group of writers. She died in France in 1946.
