

This guidebook, unlike other books about the abduction phenomena, is not merely a collection of scary stories whose purpose is to convince the reader that abduction events are real-nor is it a book channeled by some unseen force who claims to know everything about the aliens or even to be one. This is a guide written by an experienced alien abductee to help other abductees deal with the exceedingly unusual events of their lives. It is a practical look at the traumas faced by abduction experiencers providing tested solutions to these problems that really work.

Margarita Mania, The Cross-Cultural Coaching Kaleidoscope: A Systems Approach to Coaching Amongst Different Cultural Influences (Professional Coaching Series), Key Concepts in Drugs and Society (SAGE Key Concepts series), Christina Rossetti and the Bible: Waiting with the Saints, Real Questions Real Answers giving teens real answers to tough questions, CDN ED Natural Hazards and Disasters, Fate of the Oil from the Deepwater Horizon Spill (Environmental Science, Engineering and Technology), Toward the Theory of Everything: MRST98 (AIP Conference Proceedings / High Energy Physics), An Introduction to the Heidelberg Catechism: Sources, History, and Theology (Texts and Studies in Reformation and Post-Reformation Thought),
