

Once in awhile a special book offers sane solutions for serious health and personal problems-solutions that will heal you and make you happier. Thin You, Thin Me and the Power of Chi is healing because three foundations for good health came together-Asian tradition, Western science, and the Spirit of Loving Kindness. Solutions are here for the 90 percent of us who dont breathe properly for optimal health; the 80 percent who require expensive and annoying dental treatments because of improper oral hygiene, and half of adult America thats overweight or obese and needs to get thin again. Theres also a recipe for making your very own miracle. We believe that special books pretty much write themselves, but the surprise of surprises was that the soul of this book, the real power of Chi, was a gift to both readers and writers that came from the Spirit of Loving Kindness. Her healing touch will rock your reality, and make you smile.
