

Time and Poverty in Western Welfare States is the English language adaptation of one of the most important contributions to welfare economics published in recent years. Professors Leibfried and Leisering offer a time-based (dynamic) analysis of the study of poverty, and suggest the need for a radical rethinking of conventional theoretical and policy approaches. Its methodology will make it of great interest to students and researchers in the social sciences, with particular importance for social policy and welfare economics.

Arguing Constructively, Fun and Laughter on our Summer Holiday, Twerski on Spirituality, The travellers companion, in a tour through England and Wales: Containing a catalogue of the antiquities, houses, parks, plantations, scenes, and ... alphabetical order of the several counties, Benign Stupors: A Study of a New Manic-Depressive Bipolar Reaction Type, Poor Policy: How Government Harms the Poor,
